Subject: RE: Bologna paper - flash clearance

Hi Millan,

The paper was written before our site visit, and I put "optional" on the tour (we both know there is really nothing to tour ;-), and the Charge and Administrator will likely bolt after the big food brouhaha. Hopefully, that will be more like an hour (3-4), rather than the 1.5 hours slated by the Italians for Italian and U.S. companies. I think it is safe for [Ex. 6 - Personal Privacy] and the Administrator to slip out before the tour, but play it by ear when to leave. Barbara had suggested that the event would be shorter because of the heat.

Thank you so much, [Ex. 6 - Personal Privacy]

The only request I would make is that we attempt to tighten up the agenda due in part to two reasons. The first being they need to be back to their hotels by 430 so that they have plenty of time to get cleaned up for their first bilateral at 6PM. This may present a challenge for those staying at the Tower Hotel if they only have about 30 minutes to get cleaned up. The second being the concern about how warm it will be. I don't want the Administrator to find himself too uncomfortable with the heat and unable to give his full attention to the program.

Any help you can offer here would be sincerely appreciated as we are truly grateful for how wonderful you've been with the agenda.

Millan

Hi EPA friends!

Ex. 6 - Personal Privacy and I just talked and will accept most of these changes. She is adding the U.S. del and the cable on the Paris Agreement, which we'll attach.

Please clear.
